

Technology Staffing

Our recruiting professionals are adept at identifying and managing pipelines of high-caliber technology professionals, from emerging stars to proven veterans with niche skills

"The team at Innovative spends their time with us up-front to understand exactly what we are looking for.

That way, when they do send us someone, it is one that has not just the skills, but also fits the personal needs of our company."

*Linda Pharr
M.S., COO
Batus Hollweg International*

Technology Experts

Our expertise in placing technology professionals spans three decades and when combined with our financial services success makes our Technology Recruitment Practice one of the best in the business. Our candidates are given behavioral and technical assessments to measure skills quality, and our unique career matching means that technology professionals who cross-over into finance and banking are perfectly aligned and ready to hire.
